— Barack Obama

Dear JCI Friends,
As we close Quarter 3, I would like to congratulate President Yap Shin Loong and the entire Local Organization leadership team for your outstanding leadership and dedication this year. Your efforts have kept the spirit of JCI alive and thriving in your community.

I applaud your continued commitment to engaging with young people through meaningful projects, impactful activities, and practical trainings. These initiatives not only benefit our communities but also nurture the skills, confidence, and leadership capacity of our members.
It is crucial that we maintain our focus on membership growth and development. Every new member brings fresh ideas and energy, while continuous training ensures that all members are ready to take on bigger challenges and lead with confidence.
Of course, no journey is without challenges — but it is through these challenges that we learn, grow, and discover our true potential.

JCI KUALA LUMPUR PRESIDENT MESSAGE

Dear JCI Kuala Lumpur Members,

What an exciting quarter we have just gone through together! First, congratulations to JCI Kuala Lumpur for bringing home 13 awards in the JCI Malaysia Area Central Q2 Area Incentive! This is truly a team achievement, made possible by the hard work of our BOD, Past Presidents and every single member. Thank you for your effort, support, and passion—you made this happen!

2025 JCI KL PRESIDENT
YAP SHIN LOONG

This quarter was filled with proud moments. Our flagship project Hope For Nature 6.0 turned out to be a huge success, with more than 1,300 people joining us to learn and take action for the environment. We also completed another flagship project, SheLeads 2.0 – I'm Worthy, which encouraged women to recognize their value and step forward with confidence.

To help our members grow, we also organized important training sessions such as JCIM Empower and JCI Inspire, making sure our members continue to sharpen their skills and knowledge.

Internationally, we were happy to attend JCI Kowloon's 60th Anniversary. Big congratulations to President Michael Lau and his team for reaching this milestone. We were truly grateful to share this celebration with our JCI family.

As we enter the 3rd quarter of 2025, let us continue to stay true to our theme: "Empower to Lead, Inspire to Succeed." This journey is not about awards or titles, but about growing together, supporting one another, and making a positive impact. With teamwork and humility, I believe we can finish the year strong and fly the JCI KL flag even higher.

Warm regards,

Yap Shin Loong
2025 Local President

The third quarter of 2025 has been a season of growth and connection for JCI Kuala Lumpur. Beyond the projects and events, what stood out most was the way our members stepped up, taking initiative, embracing challenges, and growing into stronger leaders.

Being part of the Content Team has allowed me to see these stories up close. Every photo, every write-up, every highlight is more than just documentation, it's a reminder of the courage, teamwork, and vision that define us.
At the same time, serving as Commission Director of the Secretary Team has shown me how leadership isn't just about standing in front, but also about building the structure and support that empower others to shine. Leadership is nurtured when we create space for others to rise.

JCI RISE

JCI RISE and the UN SDGs share a common goal:

building a better future for everyone.

Mental Health Awareness

For a productive and innovative workforce, we need to destigmatize discussions around mental health and create comprehensive strategies to care for our emotional wellbeing. With this initiative we focus on improving understanding of mental health conditions and increasing access to much needed healthcare. As the World Health Organization states, "there is no health without mental health."

Workforce Empowerment

It can be hard to stay engaged and motivated in an uncertain environment. But it's still important to do all we can to fight youth unemployment, encourage entrepreneurship and enable professional reskilling.

Business Recovery

When we work together to sustain and rebuild businesses and economies, we're impacting lives and livelihoods. It's time to look at the way we do business - time to rethink and adapt to make it more ethical and sustainable for the next generation.

TEN OUTSTANDING YOUNG MALAYSIAN

The Ten Outstanding Young Malaysians (TOYM) Award, based on JCI's Ten Outstanding Young Persons of the World (TOYP) program, was created by Durwood Howes in 1930 and adopted by JCI in 1982.

The TOYM program recognizes up to ten Malaysians aged 18 to 40 who exemplify the best attributes of the country's youth. Honorees can represent Malaysia in the International TOYP Awards at JCI's Annual World Congress.

JCI Kuala Lumpur International Exposure Apart from twinning with Sister Chapters, JCI Kuala Lumpur has also represented JCI Malaysia to be part of **the Asia Pacific International City Conference (APICC)**, along with **12 other Chapters from 12 Capital Cities in Asia Pacific**.

Only the country's capital city's Local Organisation in the Asia Pacific region is eligible as "Member". This makes JCI Kuala Lumpur the only Chapter that represents JCI Malaysia in this conference.

APICC is a annual event where representatives from each APICC Member gather to discuss about specific problems in their respective cities, such as social economic or environmental problems, and more importantly, to exchange ideas for solutions.

TESTIMONIAL FROM NEW MEMBERS

VERON

Joining JCI was never about fitting in, it was about breaking limits. As a bold entrepreneur, I thrive in spaces that challenge me, and JCI gave me the stage to lead, disrupt, and create real impact. It's not just a network, it's a battlefield of ideas, leadership, and action.

Through JCI, I've built powerful alliances, led purpose-driven projects, and shaped my voice as a leader with influence. This journey isn't soft, it's fierce, strategic, and deeply transformative. For women who don't just dream but build, JCI is where you claim your power

CHRIS

Becoming a member of JCIKL has been one of the best decisions I've made. As a newcomer, I was impressed by how welcoming and inclusive the environment is. The training sessions, networking opportunities, and community projects have helped me step out of my comfort zone and build new skills. JCIKL is more than just an organization—it's a platform that empowers young people like me to create positive change while growing as a leader.

HANA WONG

When I first joined JCI KL, it honestly happened by accident, I wasn't even planning to be active. But somehow, from the very first event I attended, I felt the energy and warmth of this community.

Even though I can't always join every program, every time I do, I'm welcomed with open arms and treated just like family. The vibe is always so positive, supportive, and inspiring. It's rare to find a place where you can grow, learn, and have fun all at the same time, but JCI KL has given me exactly that.

As a new member, I'm really grateful for this sense of belonging, and I hope to be part of more activities in the future.
